Michele – If EPA Region were to make a “special” 404(f) “determination”, I want to make sure I understand the appropriate signature level given our current HQ/Regional delegation. I believe the determination is made at the section chief level...is that correct?

Michele,

I agree a meeting with Wetland Reg and Wetland Enforcement on how to proceed with this is necessary. I will try to find a time that works for everyone next week and send a meeting invite shortly.

Thanks, Brook. I'll take it from here.

Michele, I inherited this case from Brook. The attached e-mail is the last I have heard from the Corps. As I recall, this was a referral from the Corps and they were reconsidering the effect of the regulatory limbo/mess on definition of WOTUS. Please call me to update from your end.

Hi Beth – Michele Wetherington with EPA Region 4 reached out to me with some questions about Pine Hope. I told her that you would be the best point of contact for any questions regarding the status of that matter. I've copied Michele here so that you two might be in touch when you return to the office.

Best regards,

Brook
